

Dräger X-plore 3300/3500 Half Masks

ST-17-2003

ST-286-2002

Dräger X-plore 3300. The low maintenance, economical half mask.

ST-881-2002

Dräger X-plore 3500. The very comfortable and robust half mask for long-term demanding tasks.

Experience a new dimension of comfort and safety in respiratory protection: The Dräger X-plore Series. Bearing in mind today's requirements for modern PPE, Dräger Safety has worked together with users from industry and the skilled professions to develop a new line of twin-filter respirators. It very successfully combines practicality of use with comfort. The use of new materials coupled with a modern, attractive design guarantees maximum comfort and user acceptance.

Wherever respiratory protection is needed, e.g. at chemical and steel plants, automobile and shipping industry, maintenance, utilities supply and disposal, Dräger X-plore half masks can provide you a perfect solution.

Choose from either the low maintenance, economical Dräger X-plore 3300 version or the very comfortable and robust Dräger X-plore 3500 version for long-term, demanding tasks.

Major features include the "FlexiFit" head cradle, almost unnoticeable under a safety

helmet. The innovative X-guided strap-system distributes weight evenly and the „swept-back“ design allows for a perfect fit under welding shields and visors.

Dräger X-plore half masks are available in three sizes, ensuring a great fit for different face types. Equipped with a safe and easy to use bayonet connection they are compatible with the extensive Dräger X-plore filter range.

Discover the benefits of Dräger X-plore for yourself.

FEATURES & BENEFITS

Easy and safe handling	High level of user safety.
"FlexiFit" head cradle	The new head cradle provides an excellent fit for any head, also under safety helmets.
"Low profile" design	The swept-back design ensures an optimal field of vision and fits well under protective visors.
Strap System	Innovative X-guided strap system ensures an even weight distribution. Easy to adjust for a perfect fit.
Flexible nose section	Gives more secure seal in the most critical area. Great compatibility with safety glasses and goggles.
Bayonet connector	Easy and secure filter attachment. Both filters are inserted in a top-down direction.

Special for the Dräger X-plore 3500:

New material	Mask body made of "DrägerFlex" material: hypoallergenic, free of silicone, extremely comfortable, and excellent resistance.
"Drop Down" harness	By undoing the neck hook, the mask can be removed without removing e.g. a safety helmet. The inner mask faces the body and remains protected.
